MB Architectural is part of Macnaughton Blair Architectural Division. MB Architectural can schedule your project requirements with all items adhering to the latest British and European standards as well as meeting the requirements of building regulations and of course BS 8300.

The Architectural Division specialises in a complete solution, incorporating not just the door furniture but also the mechanical and electrical items required to ensure we meet the buildings design and security needs.

Extensive group wide stocks and our own in-house master keying facility offers the client security and gives us flexibility in meeting the most demanding delivery schedule with a comprehensive range of locking options from entry level through to very high security cylinders.

Also available group wide is the supply and installation of access control and door automation products as well as signage and wayfinding scheduling, anti-ligature hardware, mail systems and bespoke hardware products.

The ASSA range of door furniture is only one aspect of our offer and we would encourage you to contact us or visit our website for further information regarding other ranges and finishes.
